OUR FIRST FALL SALE FOR 1917.

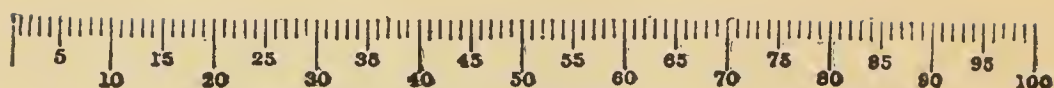

It pleases us to be enabled to present to coin lovers an unusually good catalogue for our first Fall sale, which will be held on Tuesday, October 2nd next. The list includes about 1,000 varied lots, being made up of several collections consigned by eastern and western collectors. The Ramsdall Collection of gold is noted for the choice set of American gold dollars, which includes a brilliant proof of 1875, the first of this date I have offered since 1911. The rarity of this coin does not seem to the cataloguer to have been appreciated and it should bring a record price. Many other fine gold coins, including private issues, will be found catalogued herein. A most attractive line of paper money of the various issues will be noticed. Colonial and Continental coin collectors will find a very rare Willow Tree Shilling and other issues of the different States. We note an attractive line of American medals, including some issued by the American Numismatic and Archaeological Society, also a group of Jewish copper coins, some choice Foreign Silver, United States Cents and minor coins. Attractive United States patterns include the first gold dollar struck at the Philadelphia Mint, in 1836, and some very rare one cent pieces. The Collection from Ceylon contains interesting oriental and European issues, a portion of which are listed. A short study of this catalogue will convince you that this is one of my best recent sales. Do not fail to send me a few bids. Those who do not bid in half a dozen sales we are obliged to cut from our mailing list.

CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing within **30 days of the date of the sale.**

Coins and medals are sold at so much per **PIECE**, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c up to \$2.50, when 10c. advance must be bid, up to \$10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in the lot and you wish to pay \$5.00 for the entire lot, then bid \$1.00.

Auction sales are **strictly for cash.** Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing and shipping, but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

Priced catalogue of this sale sent for \$1.00 cash in advance.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer. THOMAS L. ELDER.
